

Brolly Sheets

Waterproof bed linen for a great night's sleep

We are leaders in waterproof bed linen and our mission is to help everyone get a better night's sleep. From our unique cotton topped Brolly Sheets to our breathable, waterproof top sheets and duvet covers; all our products are easy to use, ultra comfortable and great value for money.

The story behind our success

Hello! My name is Diane Hurford and I came up with the idea of Brolly Sheets when I was changing my daughter's wet bed in the middle of the night. I wanted a solution that made it quick and easy to change a wet bed so we could both get back to sleep faster. I also wanted something that was easy to wash and dry, that was as comfortable as a regular sheet and looked great.

Other parents and carers loved Brolly Sheets and encouraged us to expand our product range. We are now a one-stop shop for waterproof bedding and have won a host of international awards. We're pleased to report that over 20,000 families in the UK, Europe, Australia and New Zealand live and sleep better with our linen.

We love hearing how our products have helped make our customer's lives better. Read on to see what some of our customers say about Brolly Sheets.

Changed my life

“ I received 3 of your products for my special needs son (12). If anyone can test your products, he can, for years I've made his bed every day, 3 loads of washing each day no matter what I tried; plastic sheets, kylies, you name it. His wee would go both up and downwards so every morning I dreaded what I'd find.

Anyway, I reckon we've really tested your Brolly Sheets and the waterproof top sheet and can highly recommend them both. Now it's down to only one load of washing most days and usually the top sheet miraculously stays dry so it's just a matter of changing the Brolly Sheet!

Thank you so much for giving us these items, this truly has changed my life! I'll be recommending your products to everyone who so much as mentions bedwetting to me!

Anna

Comfy to sleep on and love the colour

“ I have spent a fortune on bed mats/ waterproof mattress covers etc. Even my son hates bed mats etc as they wake him up at night by the rustling of the plastic sheets and sweating from them. Well not now thanks to Brolly Sheets! My son loved the bright green colour and he said it was nice and comfy to sleep on. Full marks there!”

Theresa

Loved the personal touch

“ I just wanted to let you know that this order for 2 pink Brolly Sheets arrived today and they are fab. My daughter loved the fact the package was addressed to her. This is such a personal touch and highly appreciated. What a lovely way to make this whole situation less 'painful' and in contrast, actually 'exciting' for the child concerned. She is slowly getting there but these sheets will make the washing saga all the better.”

Rave Reviews

Wearing well and great protection

“ I've been using Brolly Sheets for 6 months now. They are wearing very well and showing no signs of the fabric discolouring or piling (as the others used before did). They protect the bed well even when they are very wet.”

Speedy and considerate service

“ Thank you so very much for the speedy and considerate service! These are actually for my husband who suffered a major debilitating stroke 11 months ago. They will make one job a whole lot easier - as so last night!”

**How do I choose the best products for me?
Here are some commonly asked questions to consider:**

- Q.** *My husband has Alzheimer's and I've been pinning smaller sheets/pads to a waterproof sheet - do you have a better option?*
- A.** Yes - we recommend using a Brolly Sheet as it combines the comfort of a cotton sleeping surface with an absorbent layer and waterproof backing. Brolly Sheets hold 2 litres of liquid and they are quick and easy to change.
- Q.** *My daughter is going to a friend's house for a sleepover but is worried about wetting the bed. What can I do to lessen her anxiety?*
- A.** Pack a Brolly Sheet and a bin liner plus an extra pair of pyjamas. That way if there is an accident during the night, your child can rest easy knowing that they can change and bring the wet Brolly Sheet home to you for washing.
- Q.** *I need something for my man as the top layers keep getting wet.*
- A.** Waterproof Flat Sheets work well for constant wetting every night. They are also quick and easy to change. A Waterproof Duvet Cover will also work well if the wetting is infrequent.
- Q.** *Will I be able to use a Brolly Sheet if I have arthritic hands?*
- A.** Yes - Brolly Sheets aren't fitted so they are easy to place over the mattress and tuck under.
